

InDemand Pay per View

User's Guide

1. Press the Guide button on your set top box remote control, then key in 401, Pay per view (PPV) channels are numbered 401 through 407
2. Arrow through the channels and press OK once you have found the selection you would like to view. You will then have the choice to "Expand Information about your selection", "Buy PPV" or "Cancel". Make your selection and press OK on the remote.
3. On the next screen you are able to view the price of your selection. Prices start at \$3.99 for general PPV movies. Make sure to check the prices on this screen before ordering. Any PPV selections are the responsibility of the customer. Charges for PPV selections will appear on your monthly billing statement.
4. You will then be asked to enter your PIN number (the default PIN is 1234), it is highly recommended that you change the PIN as soon as possible.* It is the responsibility of the customer to remember their PPV PIN, your PIN is not recorded in any of the providers files. In addition, on this screen, you may choose to check SHARE, this allows you to watch your selection on other set top boxes in your home.
5. If you have the Digital Video Recording (DVR) set top box you will be asked on the final page if you wish to record the program. After you record your selection you may watch it whenever you wish within one week of the recording date.

*A PIN number or password is used to get a subscriber into their menu settings - the PIN is used to purchase pay per view movies and events. To change the password and/or PIN select menu on the remote, arrow to settings, then enter your PIN (default is 1234), choose OK, arrow to users, press OK, arrow to edit, press ok. This screen is used to change your password and/or PIN number. You may change either your password or pin number, or you may change both. Arrow over to entries for password and/or PIN and enter your old and new number and confirm your selections, select submit to make your new changes valid.
